CHM 685: Seminar in Health and Environmental Chemistry (1 Credit)

Course Description:
Weekly seminar discussions dealing with current issues and literature in health and environmental areas. For doctoral students only. May be repeated for up to 8 credits. Graded Satisfactory/Unsatisfactory

Fall Semester, 2009
Time: 5:00pm to 6:00pm on Wednesdays
Room: 364 SEB

Instructor: Michael D. Sevilla, Distinguished Professor, Department of Chemistry
Office: 248 SEB; phone: 2328, email: sevilla@oakland.edu

Textbook: There is no text for this course. Students will be reading and presenting discussion about the latest literature in the health and environmental area. Discussions of the role of Health and Environmental Sciences in the solution to issues of the day will be discussed.

First Assignment: Find a recent environmental chemistry research publication of some significance and be prepared to discuss it at the next class.

Grading: 50% class discussion/participation
(more than three absences will constitute failing)
50% oral presentation and written assignments
